STAMP AND COIN COLLECTOR'S CORNER

by GEORGE ALLARD

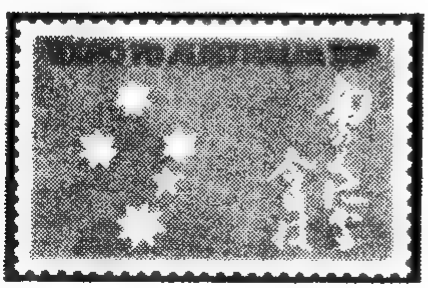
© 1970, WESTERN PUBLISHING COMPANY, INC.

MANY NATIONS CITE FAIR

EXPO '70—The World's Fair being held this year in Osaka, Japan, is the topic of stamps and sets of stamps in many countries, the theme of the fair being "Progress and Harmony for Mankind."

Netherlands released a 25¢ stamp to honor the fair. This is the first Dutch stamp ever to be issued on the occasion of a world exhibition.

New Zealand has issued a set of three adhesives. One of the main attractions of the pavilion, the Geyser Restaurant, is featured on the 7¢ stamp while the pavilion which comprises five interconnecting units is depicted on the 8¢.



Australia has contributed two stamps. The 5¢ will show the Australian pavilion, and the 20¢ air mail will feature the Southern Cross and Japanese characters meaning "from the country of the south with warm feelings."

FORTY-NINE COUNTRIES COMMEMORATE APOLLO 11

AMERICAN TOPICAL ASSOCIATION announced that no less than 49 countries have already commemorated the Apollo 11 Mission and the U.S. landing of the first man on the moon with as many as 508 stamps, souvenir sheets, perforates, overprints, labels, etc. The checklist of over 500 philatelic items is available free of charge as a public service of the American Topical Association. To obtain a copy send a self-addressed 6¢ stamped envelope and 10¢ for handling in stamps or coin (foreign: 2 International Reply Coupons) to K. L. Keldenich, Dep't. GA., P.O. Box 1062, Milwaukee, Wisconsin 53201.

Dahomey — in a series entitled "Famous Philatelists" Dahomey has honored the great American President who did so much for philately. The 100F stamp features Franklin D. Roosevelt whose death 25 years ago is remembered this year.

NOTES ON COINS

Congressional leaders have reached a compromise on a plan to mint 150 million silver dollars, mostly for collectors, and an undetermined amount of copper-nickel dollar coins, bearing the likeness of President Dwight D. Eisenhower.

Austria has minted a 50-Schilling coin for the 300 anniversary of the founding of the University of Innsbruck, Tyrol. The obverse shows the seal of the university and around it Universitaet Innsbruck 1970.

The long awaited Guide Book of British Commonwealth Coins published by Whitman Publishing Co., is a must for the collector of these coins.

Israel—for the first time since renewed statehood, a Hebrew coin can be used for the Pidyon HaBen ceremony, by which Israeli fathers traditionally redeem their first-born sons from service in the priesthood. The emblem of Israel is contained in a shield; the year (1970) and denomination appear on the right. The reverse shows a schematic of the accepted motif of the tables of the law, and the quotation: "All the first born of thy sons thou shalt redeem."

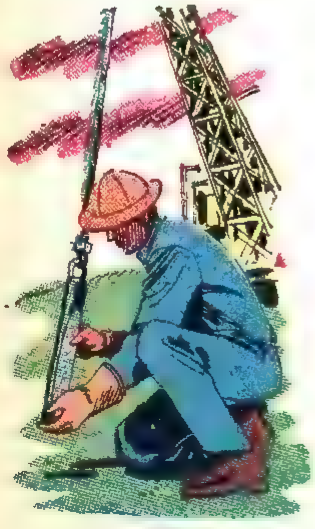
As an OFFICE MACHINE OPERATOR

You will enter the fascinating world of facts and figures if you choose to be an office machine operator.

Many types of machines are used by office workers, and you might become a typist or perhaps an operator of an adding and calculating machine or billing machine or a machine which makes duplicate copies or tabulates figures or sorts mail. Electronic computer systems require operators of several kinds for mechanical equipment, such as key-punch operators, who use machines similar to typewriters to punch special holes in cards, with each hole representing a specific item of information. Also, information fed into and received from computers must be translated from words and numbers to machine language and vice versa. This is done by machines called converters, and the operators must have a basic understanding of the whole computer system.

To be an office machine operator, you must be a graduate of high school or business school. Nimble fingers, good coordination, and good vision are necessary. Salaries vary greatly, but most operators start at about $80 a week. Machines are put to new uses every day, and more and more operators are always needed for a variety of work.



As a GEOLOGIST

The crust of the earth will be your daily fare, if you choose to be a geologist. The structure, composition, and history of the earth's surface hold the attention of geologists. They also study cuttings from deep in the earth and examine minerals, rocks, and fossils.

You will find many branches in the science of geology, and perhaps you will decide to specialize in one of the following: Economic geology, concerning minerals and fuels; petroleum geology, concerning oil and natural gas; engineering geology, concerning the construction of roads, airfields, tunnels, dams, and harbors. Other branches include petrologists, who classify and determine the origins of rock masses; mineralogists, who examine, analyze, and classify minerals and precious stones; and geomorphologists, who study the form of the earth's surface and the forces, such as erosion, which change it.

To be a geologist, you must have a college education with a degree in geology, which includes the study of related natural sciences, such as physics, chemistry, and biology, and you should like outdoor activities. The space age has added fascinating opportunities in the field, and starting salaries average around $10,000 a year.

YOU CAN GET THESE and many, many other big prizes—or cash—simply by selling beautiful Olympic IMPRINTED CHRISTMAS and ALL-OCCASION CARDS. The Olympic way is the IN way! Here's why . . .

OLYMPIC SAMPLE BOOK IS FREE! It contains samples of fast-selling Olympic cards — and it's yours to keep. We don't send you boxes of cards in advance. With Olympic, you never have to worry about paying for, or returning, boxes you don't sell.

OLYMPIC CARDS ARE IN! The Imprinted Christmas Cards and the All-Occasion Cards are of such high quality they practically sell themselves. All you do is show your attractive Sample Book to friends, relatives, neighbors . . . and take their orders. Olympic cards sell for only $2.95 a box—and they're worth much more! Sell enough boxes to get all the prizes you want—or keep $1.05 per box.

IT'S EASY TO JOIN OLYMPIC! Just fill in and mail the postcard! No postage is required. We'll send you the free Sample Book, free Membership Card and free Catalog of Prizes. There's ABSOLUTELY NO COST TO YOU! Don't wait! Join now! It's easy!
